

[IBLSPBS190H – 19" Hydraulic Stack Cutter](#)

Our electric and hydraulic trimmers are heavy-duty and affordable, a winning combination. But there are no feature sacrifices! Every trimmer has an optical cutting line to ensure accurate cuts. The integral stand is raised to the perfect ergonomic height to minimize operator fatigue. The cutting tunnel is large for better visibility of stock. The electric trimmer has front and rear safety guards, the hydraulic trimmer has a back safety guard and front electric curtain. The cutting blades and sticks are inexpensive.

Specifications:

Motor: 1 HP Hydraulic

Cutting Width: 19"

Safety: Optical Curtain

Operation: 2 Button, 2 Hands

Clamping: Automatic

Optional Cutting Line: Yes

Display: Digital

Backguage: Motorized with digital set
