

IBLSTB450 – Thermal Binding Machine

Ideal for heavy-duty use in a small office or general office setting, the IBLSTB450 quickly and easily binds up to 700 sheets at a time in a single step! Features pre-set binding cycle at 30, 45 or 60 seconds for different spine widths or multiple documents with a 3-minute heat-up time. A green light indicates when the machine is ready to use and the heat cycle begins once the document is loaded. Ready-beep sounds when the binding cycle is complete. Includes adjustable cooling rack and internal clamps to hold documents in place during binding process. Magnifier helps select correct cover spine width and heat cycle at a glance. Auto shut-off safety feature prevents overheating. Thermal bound documents lie flat for optimal storage.

Specifications

Adjustable Margin Depth: No
